[Writ Petition]

Pursuant to the order dated 02.01.2025, instructions from the Principal Secretary, Medical Health and Education has been placed before this Court, which are taken on record.

Sri Sanjay Singh, learned Additional Chief Standing Counsel submits that a letter has been issued by the Principal Secretary, Medical Health and Education on 06.01.2025 to all the District Magistrates where the State Medical Colleges are situated that the Rules which were framed by the State Government on 30.08.1983 should be enforced with rigor.

Let a personal affidavit of Principal Secretary, Medical Health and Education be filed within two weeks as to the enforcement of the said Government Orders of 1983.

It is further directed that not only the doctors, who are appointed in the State Medical Colleges, should comply the Government Orders of 1983, but also Government should come out with a policy for

stopping private practice of the doctors who are appointed in the Provincial Medical Services and District Hospitals which are situated in the district headquarters throughout the State.

It has become a menace that the patients are being referred and dragged to the private nursing homes and hospitals for treatment, and the doctors who are appointed by the State Government either under the Provincial Medical Services or in the State Medical Colleges are not treating and attending the patients in Medical Colleges and Government Hospitals, and just for the money they are being referred to private nursing homes and hospitals.

Hearing to continue.

Put up this case as fresh on **10.02.2025**.
